*-Age before **1st of September** of the current Calendar Year, e.g. to enroll for P1 for 2017/18 Academic Year, the student's birthday MUST be before 1 Sept. 2014.

TISA follows a school calendar of August through June - the placement for your child is based on the previous school experience and age. Students coming from a different school calendar are required to continue in the year group they were placed in August of the current Academic Year. For example, if your child is coming from a UK system, and he/she is in Grade 5 in August 2017, he/she will be placed in P8.
